

**SPECIALIZATION
LAW
FULL TIME COURSES
1st YEAR**

Name of course: GENERAL THEORY OF LAW

Number of credits: 5

Year/semester course: 1 semester course

Number of hours per week: 5

Number of weeks: 14

Type of course: Fundamental course

Learning objectives: To open the way to all other juridical branches and courses and to offer an overall image of the knowledge that students must acquire by completing the law degree; To help students develop the ability to understand, study and enforce the law within the general framework of human relationships, and fully acquire the knowledge of the close relation between law and society, between law and life; To ensure basic knowledge for those who are concerned with research and will try to get deeper insight into the philosophical aspects of law; To develop the students' skill to search for the essential things within and for law, in the attempt to synthesize and understand the great articulations of law as a phenomenon and a science.

Thematic areas (for topic illustration):

1. The notion of a general theory of law: Terminology; The object of a general theory; The importance of the general theory of law; The system of juridical sciences. 2. The notion of law

Bibliography:

Roberta Nițoiu, Alexandru Șorop, *Teoria generală a dreptului*, Editura Ch. Beck, București, 2008.
